²¹
Please cancel claims 23-~~37~~ and rewrite claim 13 as follows:

13. (Amended) A method for producing a swing arm for a two-wheeled motor vehicle having an arm portion and a body portion, both of which have a hollow portion, the hollow portion being at least partly filled with a foam resin, said method comprising:

filling at least a part of said hollow portions with a raw material for forming a urethane foam; and
